PIANO FORTE TUNING AND REGULATING.

THE SUBSCRIBER, having engaged the services of Mr. E. T. HUNTLEY, a competent and experienced tuner, is now prepared to attend to all orders with which he may favor me. The following testimonial to Mr. Huntley's capability is from the director of the celebrated Germania Musical Society

100 , March 27, 1855.

It is with much pleasure that I recommend Mr. E. T. Huntley as a Piano Forte Tuner and regulator. To say that he is an excellent tuner, would not be doing him justice, for I can without hesitation say that he is capable of tuning a Piano as near to perfection as it is possible for it to be tuned; but the greatest recommendation for him is its unusual length of time which his Pianos remain in tune. I have never, either in Europe or America, seen a man whom I would so cheerfully and with so much confidence employ to tune or regulate a Piano Forte as Mr. Huntley, and as cheerfully recommend him to all who want Pianos tuned.

All orders left at the subscriber's Music Store will be promptly attended to.

NOTICE TO ICE-CONSUMERS.

THE UNDERSIGNED, the oldest ICE trader in the City of Milwaukee, would inform the Public that he, as usual, will cut his Ice in the neighborhood of the Harbor, in order to procure the clearest and healthier; and also that he will place around the holes which he cuts in the ice, blocks of Ice as a fence, that everybody may be warned from danger. The cutting will commence about the First of January.

If the Common Council will appoint an overseer, I should have no objection, and I would even pay the expenses, should it be required.

I am confident that the Public will appreciate my endeavors to serve them with the best Ice, at the same time guarding them from danger. HENRY KROEGER.

F. M. LANE'S
PERMANENT GLOSS PAINT.
Important Improvement in Painting!

A PERMANENT GLOSS PAINT for interior work has long been a desideratum. All paints prepared from oil, have hitherto derived from the highest and most opposite tints, to the yellow color of the oil itself; the change being the more rapid as the paint is excluded from the full light of day.

The subscriber, after a sufficiently long experience in its use, can recommend it as the only Gloss Paint in which this important defect is effectually remedied. This beautiful paint is now supplied of any color, from the purest white, resembling enamel of porcelain, to all the different varieties of tints, suitable for private dwellings, Churches, Hotels, &c., which in brilliancy and richness of surface is surpassed by no other paint. It possesses superior advantages in retaining permanently even the most delicate colors with which it is combined.

CARPET ROOMS!

Come to the Palace, oh come there with me,
Where Fashion, fair splendor, still holds her term—
And smilingly take you through beauty's mart,
To bustling, of to-age, in exchange for their gold;
And their Lady-like charms through life may protect,
In robes like a Queen's, which sell for a song.
They've shawls for the neck, and shawls for the storm,
They've cloaks which fall softly, so rich, and so warm,
They've carpets of Wilton, of Velvet, and Brussels
They've laces, and bobbinets, ribbons, and tassels,
They've sombre hued goods, for the weeping, and sad,
They've suits like the sunshine, for merry and glad;
They've fabrics for mailboot, and hold their love,
For those who pay cash, do not ask to be sold.
If Palace of Dry Goods, so wonderous grand,
Can be aught but a fable, of old Fairyland;
Has there been who know Weyer, that's made for a minute
This glorious Palace, and all that's in it?

GREAT MEETING AT MILTON.—The Citizens of Milton, Rock Co., held a meeting on Saturday evening, and appointed Moses T. Walker, J. Barnes, A. W. Bashnie, J. E. Culver and A. C. Spicer as delegates to attend the Mass Convention in Milwaukee on the 6th inst.

News of the Morning.

The *Baltic*, with Liverpool dates of the 20th ultimo, arrived at New York yesterday morning. The following items of her news were received at the Sentinel office before noon and issued in an extra. Further details will be found under the Telegraph head. The *Pacific* is still missing. Breadstuffs were slightly improved, and Canada advanced. England is ordering troops to Canada, by way of precaution. Nothing new from the Continent, or about Peace.

At Washington, as in London, our relations with England are the subject of much discussion, Congress doing very little business.

The Senate voted yesterday, by a small majority, to confirm the nomination of Mr. Buchanan's counsel to the bar-plea put in by Mr. Barstow. What the next move of the conspiring Democrats will be, few here will tell.

A very heavy defalcation has occurred in New Jersey, fully eclipsing that at our State Capital.

The Chicago Election in Chicago yesterday, resulted, after a very close and exciting contest, in the triumphant success of Mr. Thos. Dyer, the Know-Nothing Democratic Mayor, over Levi D. Boone and Isaac Cook.

The Kansas Aid Meeting.

The Mass meeting yesterday discovers the "sum total and whole of" a "storm in a teacup." In the report of the Sunday Aid Meeting called at Temperance Hall on last Sunday evening, and it appears that nearly every one of our "young men" who may be engaged or interested in the movement met a cool and chilly defeat, disaster and "a fizzle." In the next breath the News comes to Solomon:

"Let the good people of this city and State unite in a mass meeting and so suppress wrongs existing in Kansas—prepared to lend their aid and co-operate to protect a settlement, when it is conceded that it is the wish of all the people of Kansas to devote it to the organization of a free State, and that they are to be protected by the whole power of the general government in asserting their right to form a constitution, in pursuance of law, and shall secure them the institutions of their choice."

Assuming the premises of the *News* to be correct, it may safely dismiss its fears of "a civil war." The good people of this City and State, "prepared to aid, not to oppose, the "sixteen-twentieths of the people of Kansas," who desire Free Institutions, and the *News* assures us that "the whole power of the General Government" will be exerted to the same end. Of course, under this state of facts, there can be no possibility of collision between these parties, and if violence is attempted, or "civil war" comes, the "Border Ruffians" of Missouri and the Slavery propagandists of the South, will be responsible therefor.

And why should not Wisconsin send "men and money" to Kansas? There are hundreds, perhaps thousands, of Young Men in our State, who are anxious to go there and to assist in establishing and maintaining Free Institutions in that central territory. There are tens of thousands of others who cannot go themselves, but will gladly contribute of their means to equip and send forth these Missionaries of Freedom. There is no law to forbid such action, but there are many and cogent reasons to encourage it. Let all who desire to secure "Freedom for Kansas" come to the meeting to-morrow night, and give their hands and their hearts to the good work!

TWO MINDS ABOUT IT.—Our neighbors of the *News* recently hailed the union of the *Argus* and *Atlas* (a Kilkenny-Cat marriage) at Albany, as an auspicious omen for the future fortunes of the New York "Democracy" and grew quite enthusiastic in its description of the happy consequences that were likely to follow. It appears however, that other "democratic" papers in the State entertain a very different view of the affair. Here is what the Shullsburg *Herald*, a zealous Barstow paper, says about it:

"Every Democrat of the *Soft Free Soil Abolition stripe*, interested in the politics of the State of New York," we have no doubt, will be gratified to learn that these rival papers have united. But the national Democrats will only see in this union a consolidation of the rival papers of the Free Soil and Abolition factions, for the purpose of defeating the national Democratic party in New York at the approaching fall election.

We are aware that there is an effort being made by *certain persons* in this State to get up a *Soft Soft delegation* to co-operate with the Soft delegation from New York in the Cincinnati Convention; but we did not suppose there was a paper in this or any neighboring State that would directly or indirectly countenance the move."

We had no idea, till thus informed by the Shullsburg *Herald*, that the *News* belonged to the "*Soft, Free Soil, Abolition stripe*" of politics, or that it was engaged in the treasonable plot to get up a "Lagus soft Delegation" to Cincinnati! Who would have thought it?

OGDEN HOUSE, JANESVILLE.—JAMES M. BURGESS and CHAS. W. DOBE have taken this House, put it in thorough repair and are now ready to wait upon their friends and the public. Mr. BURGESS is a capital landlord and takes care of his guests. The travelling public will find the "Ogden House" a most comfortable home.

NEWSPAPER CHANGE.—Mr. C. E. REDFIELD has disposed of the Waupaca *Spirit* Office to Mr. J. S. JONES, who will continue its publication. In the Salutatory the editor (Mr. J. H. JONES) announces that the *Spirit* will advocate Democratic principles as he understands them, to wit: Opposition to Slavery and Slavery-extension and the advocacy of Equal Rights to all men.

FROM MADISON.

Editorial Correspondence of the Sentinel.

MADISON, March 4.

Leaving Milwaukee yesterday afternoon in a bright, warm sunshine, we picked up at Geneva a considerable of a snow storm, and brought it along, chilling the atmosphere as it came. And now, this morning, the weather is really wintry again, much to the disappointment of everybody.

Before proceeding to a sober consideration of the very important matters which keep the Legislature here, like winter, "lingering in the lap of spring," I must dispose of a subject which, while retained upon the mind rather disposes me to undue levity. He must have his skin "hooped with triple brass" who withstands the infection. The story runs thus:

For some time past there has been pending in Assembly a very good bill providing for such an organization of the militia as shall encourage the formation of volunteer corps in the state. Whether from the trifling manner in which such bills are generally considered ever since the days of general trainings, or whether some of our Republican friends saw in it something looking to a military resistance to the ousting of the now-going Governor, I know not, but the bill hung fire. Some time since, its friends sent it to be introduced in Senate, to try its luck there. Meantime, it was printed, and being seen by the forces in Milwaukee, so far commended itself to them that a committee of the Light Guard was appointed to come out here, and endeavor to have the bill passed. The committee—good-looking fellows, too—came out, and brought a brief letter of introduction from their Captain to Speaker Hull, respecting him, if he favored the bill, to aid in obtaining its passage.

Speaker Hull did favor the bill, and being, moreover, an honorary member of the Light Guard, readily undertook to aid in the laudable object. So he forthwith (yesterday) obtained the bill for a copy) from the Senate, and handed it to somebody to be again introduced in Assembly.—It being introduced, Mr. Hull moved to suspend the rules and put it on its passage—requiring two-thirds. Now comes the joke! The Republicans have become suspicious of these suspensions of the rules, &c., and Messrs. Knowlton and Mills and others, sleepless sentinels on the watch-towers, doubtless seeing in the arrangements for the fortification of the capitol, and triple rows of bristling bayonets all around it, opposed the suspension of the rules. While they were arguing the question, Mr. Hull and one or two others were called out of the hall on some business and in their absence the vote was taken, and the Republicans in solid phalanx carried strong voted against suspension of the rules, and it was lost by one vote! Neither Mr. Knowlton, or Mr. Mills, or anybody else, I suppose, have any objection to the bill, but they have grown suspicious—they "fear the Greeks, even bringing gifts." Speaker Hull, on returning, was astonished—and well he might be. The bill will pass, easily enough.

THE GOVERNOR CASE.

The Supreme Court has just—at 11½ A. M.—decided to overrule Barstow's plea, and have required him to plead again in four days, and another, they say that the parties must plead every four days till they get to an issue. The Chief Justice and Judge Smith both delivered opinions, clear and distinct, in favor of the complete jurisdiction of the Court. So the spirit and language appeared to every hearer, and the room was crowded. Time wears, but the time will come around, by and bye, when the respondent will come to the end of his dilatory pleas, and the facts will come out. So mote it be.

The most strenuous efforts are being made here by Barstow Democrats to stop the investigation now going on, and all sorts of tricks will be resorted to. They are afraid that they are killed beyond resurrection if the truth comes out. Let us be as patient as possible and see how many of the democratic members choose to go down with that faction. W. H. W.

The Work of Preparation.

The Pittsburgh Republican Convention adopted the following among other recommendations to the people of the U. S., with a view to efficient action in the ensuing Presidential campaign:

Fourth—That the Republicans of the several States are recommended to complete their organization at the earliest practicable moment; to appoint State, County and District Committees, and that each State and County be recommended to regularly organize their respective Counties by the formation of *Republican Clubs* in every town and township in the land.

We hope but the Republicans of Wisconsin will act promptly upon this suggestion. We were beaten in this State last Fall, solely for want of *thorough and efficient organization*. We cannot be beaten next fall, if this want is supplied. Republican Clubs in every Town and Ward furnish a simple, efficient and economical Agency to secure the desired result. We trust, therefore, that within the next three months, we shall have such an organization in all the Counties, at least, and in most of the towns of the State.

A "BARSTOW" PRECEDENT.—Mr. RYAN, in the course of his very able argument on the *Demurrer*, read from the Waukesha *Democrat*, the following account of a parallel case to Mr. BARSTOW'S, which recently came off at Mr. BARSTOW'S home. This "safe precedent," if it did not convince the Court, fairly convulsed the audience.

"A novel case came off before Justice Cook, last week, which severely tested the power of the Court. Three persons were arrested and brought before him for an assault and battery.—One of the defendants was also a justice of the peace. The case came on to be tried and the defendant's lawyer pleaded the jurisdiction of the Court. The official defendant claimed that he was a co-ordinate branch of the Waukesha judiciary—that he had equal power with Justice Cook—that the distinction between the office and the officer was a mere fiction, &c. The defendant also claimed that having jurisdiction in such cases himself, he was his own judge, as to whether an assault and battery had been so committed or not, and that justice Cook having no appellate jurisdiction, he could not entertain his case, and the defendant quietly intimated to the court, that in case he assumed jurisdiction, that the Waukesha hook and ladder company would be called out and the judgment of the Court be resisted. The defendant in order to maintain his position brought into Court and cited as authorities the speeches made in the case of Bashford vs. Barstow, at Madison. The complainant seeing the delicate position of the Court and the evident doubt as to the jurisdiction, withdrew from the prosecution."

NEW AMERICAN COMEDY.—That old favorite of the Western public, Mr. J. H. MCVICKER, is about to bring out at Burton's Theatre, New York, a new Comedy, entitled "Taking the Chances," written especially for him. Mr. MCVICKER paid the author the sum of $750 for the play; the largest amount, it is said, ever paid for a three act Comedy in America.

ROUTE AGENT APPOINTED.—Mr. Edward Mahony has been appointed route agent on the La Crosse and Milwaukee Rail Road.

Supreme Court—Missouri Compromise.

From the Tribune Correspondent.

WASHINGTON, Thursday, Feb. 28, 1856.

The Supreme Court has adjourned for one month. No decision was given on the case involving the Missouri Compromise, though it was twice the subject of conference. It will be the first case considered on the re-assembling of the Court in April. There are some indications that a direct issue may be evaded, on the ground that Scott, being a colored man, is not a citizen of Missouri in the legal point of view, and therefore cannot bring an action properly. This judgment would deny the jurisdiction of the Supreme Court, and possibly prevent the expression of dissenting opinions on the constitutionality of the Missouri Compromise. An effort will be made to get a positive decree of some sort, and in that event there is some hope of aid from the Southern members of of the Supreme Bench.

MILWAUKEE CITY MARSHAL.—By a Card in the Milwaukee papers, we see that our old friend FRANK DAVLIN, is a candidate for City Marshal. Frank is one of the first settlers, and will make a prompt and vigilant officer; no better candidate could be selected.—*Waukesha Plaindealer*.

Correspondence of the Sentinel.

Men and Things in Gotham.

NEW YORK, Feb. 28, 1856.

MESSRS. EDITORS:—Thermometrically speaking, the winter has gone and though we look but few days to Spring, there is no sign of the turtle being heard in the land, for many a week to come; indeed, it requires a brilliant imagination to fix our exact position in relation to the seasons and perhaps it would be hazardous to broach an idea on the subject, till things wear a more settled appearance than they do at present.

From the foregoing you may gather that we have luxuriated in a week of warm weather, and with one's eyes cast upward, whether devotionally or not, blue skies and fleecy clouds scudding before light winds, delighted the heavenward gazer, but unfortunately we poor mortals, too often look below. Sometimes it is necessary but too often a matter of taste or habit, for dollars and cents are seldom made by sky-gazing; be that as it may, Gotham never wore such a *down* look, as it has of late, for which the street inspector should be held strictly responsible. That much abused but otherwise seldom noticed individual, conceived the idea a few days since of barricading lengthwise, Broadway, and immediately carried it out with the various delving implements usually employed on such occasions. Day and night the work went on, that the birthday of Washington might be celebrated in a cleanly and comfortable manner. The effort, when partially completed, was worthy of an Epic, or a photographic representation, to last through all time, and take the place, in the minds of posterity, of those other days which are said to have tried the souls of men. Imagine a zig-zag line, some three miles in length and varying in height from 3 to 10 feet, with jumping off places at every corner, running through the principal thoroughfare like an enormous seaserpent, black, slimy and greasy, the creature's back bristling with broken bottles, old hats, shoes, sticks, heaps of coal and ashes, obstinate wisps of straw, small boys playing tag or "I'm on Dickey's Land" (Heaven save the mark,) or indulging in a dangerous and curtailed kind of coasting trade, without a license; and occasionally a stranded horse, high and dry after life's fitful fever, very uneasy, looking down in a *horse style* manner on owner and *fellow creatures* below, and you get a very faint idea of our fashionable way. On either side, narrow passages prevailed, with occasional glimpses of the "Bus" for variety and frequent ones of turbulent pools, defying analysis and slantingdicular shower baths proceeding constantly therefrom, to the personal inconvenience of thousands. Through said passages all day long proceeded a funeral train of everything, from a "Bus" down to a dog cart, patience and perseverance characterizing those inside and out; Jehus conversing with one another before and behind in a manner unusually friendly, timing their nags and smoking cheerfully and wondering when they'd get there.

House hunting being in fashion, the living mass on the "pave" was most beautifully "picked out," with Eve's fairest and most gorgeous daughters, engaged in the "pursuit of knowledge under difficulties," for such certainly is house hunting if my experience is good for much. Talk of crossing the Rubicon, the passage of the Beresina, Bridge of Arcole, Mt. Simplon, or any other feasible undertaking, but don't mention that of Broadway, for every body says it's impossible.

The 22d was a most glowing day above and a blowing one below. Soldiers proverbially go through fire and water; how they went through their fire I didn't hear, but it struck me they kicked at the other element and walked effeminately "over the stones," to the detriment somewhat of military discipline; at least curved lines were seen, not down in the books, and retreats were occasionally beat, when an unusually deep Sebastopol lurked them to go in and get some heavy wet. Otherwise patriotism was predominant and came off with trumpets braying and colors flying. The O. U. A.'s and K. N.'s made more tracks in the mud than any other body, though the Protestant Irish (a peculiar feature in the day's parade,) followed hard on their heels and undoubtedly threw mud at their predecessors. The more showy regiments were not behindhand, and made a very pretty picture down to the knees; no lives were lost, though the most highly decorated corps received the most damage in the day's work. The ingenuity of "Young America" was everywhere pleasingly visible; squads at early dawn took possession of the Barricades, and notwithstanding the playful rough and tumble which occurred thereon, enlivened by envious and belated outsiders, whose motto was "might makes right," gallantly maintained their position, till horse, foot and Dragoons, had grown small by degrees and beautifully less in the distance.

The rivers are comparatively free of ice and non-residents "come to time" much better of late than heretofore, when the subject of "Divorce" formed a prominent topic among the unhappy married. The friendly crow, with his impudent caw, under the very nose or ones Ferry Boat, no longer goes about ministerially garbed, by thousands or the floating cakes of ice, seeking what he may devour, but has departed for those precincts which knew him before. He put one in mind of shipwrecks, and clouds of fellow crows, banqueting on the bodies of lost mariners, so no one cried "God bless him" when he went. The authorities of Brooklyn, bearing in mind the wisdom of the man who locked the door after the horse was abstracted, have appropriated $50,000 for the construction of an iron ice boat which will insidiously work its way through all congealed obstacles that may hereafter present themselves.

Real Estate in Gotham is said to be very lively at present, and changes hands freely at advanced rates. In Brooklyn prices are stationary and in favor of buyers; the city of churches, it is thought, will lose some thousands of her inhabitants after the great moving day, in consequence of the past winter's unpleasant experiences.

The "Persia" sailed a few days since, carrying abroad among her passengers the Rev. Mr. ARNETT, of your city. The ship is said to combine every excellence which should belong to a vessel plying constantly between this country and Europe, and among other novelties worthy of imitation, is so divided off into compartments, as to be entirely safe, no matter how severe the collision she might meet with. No public statement was made of the fact, but the passengers who came in her, say she struck violently an iceberg coming over and stove a large hole in her sides and had she been constructed like the Arctic, the first trip of the Persia would have been her last. Some 10,000 persons visited the Persia and about $2,000 were realized for the benefit of the poor of Jersey City.

On Saturday, Geo. Steers launched the U. S. steamer Niagara, in the presence of about 10,000 spectators; the noble vessel embraced safely and gracefully her future element, but so deliberately that a portion of the excitement usually attending launches was wanting. Quite a party of both sexes were on board and those who have never "trod the deck" at such a time, have but little idea of the grandeur and excitement of the event. Without it, is like seeing "Niagara," without experiencing the wonderful awe which come over one beneath "Table-Rock." This steamer is 5,200 tons burthen and at present is the largest craft afloat: she cost $1,000,000 and the details of the materials worked up in her is incredible. Her armament will consist of 12 pivot guns, carrying 170 lb. balls, an ugly customer to deal with in a serious matter, when nations resort to arms for redressing wrongs. The "Etna," "Atlantic" and "Asia" have brought no tidings of the "Pacific," and yesterday the searching steamer "Alabama" returned with the same sad story and but few now seem to think that she will ever be heard from again. The "Spirits" sunk her some days ago, but the source of information was not generally relied on. The "Asia" brought over presents for Dr. Kane, officers and crew of the exploring expedition, consisting of Plate, Medals, &c.

A singular item in our domestic exports, appears very like "sending coals to Newcastle." Ship timber is being sent in large quantities to Maine for the construction of vessels, to be owned principally here. The cause is, "down East" is doing the larger share of vessel building this year, having underbid Gotham, whose yards are comparatively quiet in consequence.

Our Postmaster, Mr. Fowler, is about to do a good thing, which should have been done years ago. One thousand boxes will be distributed over the city for letters to go by mail: said boxes will be visited some half a dozen times daily, so the improvement will do away with the 2 cent nuisance and give greater dispatch than exists under the present system. For instance a letter from up town to the residence of a party in Brooklyn costs him 7 cents, and may be 4 days "enroute". So let us be thankful for the *small change*.

Next Monday Hon. Ed. Everett, delivers an address on the character of Washington, before the Mercantile Library Association, at the Academy of Music. His appearance here publicly, is so rare an event, that his admirers, as well as those who desire to hear him for the first time, talk of but little else. The House, large as it is, will not contain a tithe of those desirous of going, while its size, I fear, will not enable more than half of those who succeed in getting in, to hear satisfactorily what is said.

Monsieur Naquet, whilome business man of the Rachel troupe, delivers a lecture here next Friday on the great actress and her plays. A comedy will also be performed on the occasion by artists of the troupe, who have remained here, and as if this was not sufficient, the great Gottschalk and other musical artists have volunteered their services, that the occasion may hold out every attraction. Paul Julien leaves here in a few days, probably never to return, and nothing but the memory of the wondrous boy will be left his admirers. Laura Felix, sister of Rachel, is doing the musical and literary, it appears, in Charleston, S. C., assisted by Miss Morant, the actress and Reeves (not Sims) the vocalist—so they are not all gone yet, the stars are shining now the glorious sun has set. The opera has done wonderfully in Boston, goes to Philadelphia for a short time, and then home again to Gotham; may it feather its nest in the "Academy," and "never say die." Vestrali, the beautiful contralto, has taken the management of the Theatre at the Mexican Capital, being backed by sufficient capital of another sort so she runs no risk, while she has run away with the hearts of all Mexico.—"Hiawatha" has been read in Philadelphia by a Miss Sterling, (who undoubtedly took her idea of the poem from her own name,) dressed ala Chippewa, and environed by wigwams and other necessary adjuncts. Very pretty idea. The admirers of Mrs. Caroline Lee Hentz will regret to hear of her rather sudden death. She was a most useful and attractive woman and had literary abilities above mediocrity. Hoping the "Sentinel" will keep as good a watch hereafter over the interests of the Badger State, as it did when its corps was numerically stronger, is the wish of your friend and correspondent,

VIOLA.

For the Sentinel.

Capital Punishment.

Messrs. Editors:—It gives great pleasure to me, and I doubt not to many more of your readers, to see the important subject of Capital Punishment revived in the *Sentinel*. I hope this question will be talked over and thought over, by us all, until our Law-makers take some decided action for our better security and safety from the infliction of death with Axes, Rifles, Pistols, Knives, Cudgels, &c., by ordaining that hereafter it shall be inflicted according to Law and justice upon those only who need and deserve that penalty.

If our, or any law-makers, can *abolish* the death penalty, no one will be more pleased than myself. They have tried it and failed completely. To be sure, a Jury of twelve men can no longer declare a man guilty enough to receive that punishment, but there is no Law in this State, or any other, which prevents any individual on his own responsibility, unaided by Judge or Lawyer, from decreeing the death of his neighbor, or acquaintance; and not only does he *decree* the penalty of death, but he carries that decree into immediate execution, as every paper proves day after day. One here, another there, all over the State, death is inflicted as a punishment. If our Legislators can abolish this sort of thing, well and good. Why don't they exercise their right? Why will they suffer us poor people to be murdered, according to private law, but utterly refuse permission to hang the murderer, according to public law?

It appears to me that the sense of justice, as "Publicola" proves from the mouths of murderers, is the strongest of any planted in the soul of man. The sentence that, "whosoever sheddaman's blood, by man shall his blood be shed," seems to be engraved upon the mind and heart of mankind. How, then, can we so educate ourselves as to legislate for the good, or seeming good of the murderer? Is it the object of laws to benefit the larger number, or the smaller? Is it possible that the majority of the people of our noble State are murderers? Unless the greater share of us are murderers, the present law benefits only the few who are. Shall the lives and happiness of nine hundred and ninety-nine be endangered for the security of *one*, and he a blackhearted murderer? Are laws made to deter men from the commission of crimes, or to incite them to dark deeds? Is it mercy to abolish Capital Punishment? How many murderers might have been saved from their dreadful guilt, had they beforehand been *sure* that certain death must be the inevitable punishment? Does mercy lead us into sins we cannot atone for? Does she present to us the poisoned cup? Does she allure us to create a lifelong hell within our own breasts? If such be the offices of mercy, then it is her work to abolish the punishment of death for murder; otherwise not.

Life is sweet, we all feel, but is it any sweeter to the imprisoned murderer, than it was to his innocent victim? Further, the punishment for murder of imprisonment for life is, in its practical workings, *no punishment at all*. It means a year or two, till the affair has blown over a little; then the Governor will pardon, or else get tormented to death, just as he pleases. And after the murderer is pardoned, he is ten times more of a great man than ever before.

I know one cold-blooded murderer in this state, who has been pardoned, and he holds his guilty head much higher than many an honest man.

After all said and done, we cannot eradicate the feeling in our nature, that *the murderer must die*. If our Legislature will not establish capital punishment, as a sure law of the State, then the wailing cry of, "he murdered my *father*," my mother, my child, my wife or my brother or sister, from a full heart, will arouse the feeling of justice in any crowd of *men* and with strong hearts they will *execute* it. We may call it barbarous or horrid; still it will be done till the law is changed. BROWN COUNTY.

The Judgment against the Valley Road.

JANESVILLE, March 2, 1856.

MESSRS. EDITORS:—I notice in your paper of this date, an item, credited to the Madison *Argus*, stating that the Hon. A. Hyatt Smith has obtained judgment against the Rock River Valley R. R. Co., &c., &c.

The judgment alluded to was obtained *by default*; the Company having no knowledge of the suit, until after a Sheriff's Jury had assessed the damages.—Judge Doolittle, at the late special term, granted an order, staying further proceedings in the cause, at the next term of the Court, in June, when the Judgment will, most likely, be set aside. The Company is prepared to show, whenever trial is had that said Hon. A. HYATT SMITH, is largely indebted to it, over and above the amount of any just claim he may have against said Company.

I had like to have forgotten to say, that the declaration in said cause was served on Bourchsie J. Bodwell Doe, formerly a Director in said Company. Yours truly,

J. J. R. PEASE.

Know-Nothing Nominations.

Editorial Correspondence of the N. Y. Tribune.

WASHINGTON, Wednesday, Feb. 27, 1856.

I conversed to-day with the Pennsylvania member, who, of all those who finally supported Mr. Banks for Speaker, was most likely to support Mr. Fillmore. He is a prominent and decided "American," and was a delegate to Philadelphia. He said he had intended to support anybody that the American National Convention might nominate; but to give his vote to the man who put the knife to Gen. Scott in the last Presidential contest he could not and would not.

I have diligently inquired for a member who supported Mr. Banks for Speaker and now supports Fillmore; but up to this time, more than two days after the nomination was announced, I have not heard of one. The sort must be scarce. H. G.

Kansas in the Senate.

(Editorial Correspondence of the N. Y. Tribune.)

WASHINGTON, Thursday, Feb. 28, 1856.

Senator Hale made the best speech of his life for Kansas to-day. It was two hours long, able, searching and eloquent.

Mr. Toombs replied briefly, adroitly and bitterly. He justifies all President Pierce has done, and is for war to the knife, unless the Free State men submit unreservedly to the Border Ruffian enactments.

Mr. Butler is to follow next Wednesday, in defense of Atchison.

BRUTAL MURDER.—We are indebted to Mr. J. Wood, of the Assembly, for the following information, which he received by letter. Here is the extract:

"Plover, Portage Co., Feb. 23.

There was a brutal murder committed a Grand Rapids, last Sunday, by one of Robbins men on another in the same employ. The murderer, an Englishman, whose name I did not learn, stabbed a Dutchman in cold blood and killed him on the spot.

The murderer is here in jail. They had to bring him here in the night to keep the inhabitants from hanging him on the spot.

Yours, truly,

J. D. ROGERS."

REAL ESTATE VALUATION.—Real estate has more than trebled in value since last season. A great many transfers of lots have been made within the past two weeks. Mr. H. M. Gee lately sold a fractional lot at an increase of $700 on an investment 18 months since of $200. A. D. Farmer was offered $1,000 for his lot but refused to sell. L. L. Post sold one half of his corner lot and buildings for $750. Mr. Collins refused to sell a naked lot of 25 feet front for $225. Many other offers and sales have been made which we have forgotten; but these are enough to show that the course of Weyauwega is onward.—*Weyauwegian.*

CITY MATTERS.

LAND WARRANTS.—A new supply just received this day by

BRIDGE BROTHERS, 225 E. Water st.

Circuit Court, March 4.

JUDGE HUBBELL, PRESIDING

Ignot Strale, indicted at the last term of the Circuit Court, and again at this term for the same offence, —the first indictment being "quashed"—was placed on trial, charged with entering a dwelling house in the night time, without breaking, with intent to commit the crime of larceny. The counsel for the de'endant, after some evidence had been given, argued to the allegation in the indictment, as to the ownership of the house, and the ownership as shown by the proof was at variance, and a conviction under the present indictment would not be a bar to another one being found and his client again subjected to a second trial for the same offence. After some remarks from the District Attorney, and the Judge taking into consideration the seven months incarceration the defendant had undergone in the jail directed the Jury to discharge him. J. B. Paine for defendant.

Cumming Stewart, indicted for passing altered bank bills, came in and plead guilty, alleging previous good character—that he had had charge of a Cemetery in Chicago, was a Deacon of a Church elsewhere, as a reason for a light punishment. The Court sentenced him to one year's imprisonment in the State Prison.

The District Attorney not being ready with any more cases, some of the parties having plead guilty that had previously plead not guilty when arraigned, the Court adjourned to this morning at 9 o'clock, when the trial of John B. Spencer, *alias* "Sleeky John," for the murder of John Steger on the 24th of December last, will come on.

Police Court, March 4.

Archibald McCall, drunk, second offence, fined $8,00 James Clarke discharged for want of prosecution. John Doe, *alias*, do.

William Jones was tried and convicted of stealing a boiler worth 75 cents, and sentenced to the County Jail for sixty days. An appeal was taken.

NEW PAPER STORE AND MILL.—We call the attention of our readers to the advertisement of Messrs. PARSONS & VOIT, who have opened a new Paper Store immediately opposite our office under the Marine Bank.—Messrs. PARSONS & Co. have added to our home manufacturing establishments a Paper Mill, on the Menomonee river, two miles from this city, on Spring street road, where they can fill any orders for wrapping paper in any amount. In the course of the year they intend to make further improvements, so as to be able to turn on 1 printing paper al so, of which the consumption in our city and State is rapidly increasing. Mr. PARSONS says their wrapping paper is superior in strength and pliability to any in this or the Eastern market, and a look through their establishment will satisfy any one that for proper arrangement, commodiousness and management it is inferior to none. Our merchants and business men who have heretofore imported wrapping paper extensively, ought to patronise this home manufacture.

THE OPERA LAST NIGHT.—The new Opera of "Bradella" was brought out last evening for the first time by our Musical Society, and with perfect success. The music, the scenery, the acting, the masquerade and ballet were all very fine and elicited enthusiastic applause. The audience was one of the largest ever assembled in Young's Hall, upwards of a thousand persons being present. There were no seats to be had after 8 o'clock and quite a number of persons turned away. Of course the Opera will be repeated at an early day.

LARGE SALE OF REAL ESTATE.—A TRACT of land, on both sides of the Lisbon Plank Road, next West of Koseland's addition on the hill in the Second Ward, was sold on Monday for the round sum of $75,00o. The tract contains 5⅞ acres, making the price $1,690 an acre. This is a large amount and yet the purchaser, Mr JOHN PLANKINTON, expects to make a Handsome profit, intending to divide the tract into convenient city lots which are to be brought into market without delay and will sell rapidly.

UNION DOWN.—Coming down from the Court House yesterday, we were brought up all standing at the sight of the national ensign flying from the Hook and Ladder House on Main street, with its union down. On enquiring, we found that it was flown as a notice for a meeting this evening. We had thought that from the penalty with which the Common Council had treated this Company they had no reason for hoisting the "signal of distress," there is probably a *marine* in the company.

A WOMAN FOUND DEAD—INQUEST, &c.—A woman named MASON living on the corner of Elizabeth and Brown streets, in the Fifth Ward, was found dead in an out house yesterday. An inquest on her body was held before Justice Parsons; the evidence tending to show that she died in a fit of apoplexy. Her husband is a sailor, now absent in Chicago, seeking employment as mate of a vessel.

WELL NAMED.—Mr. D. NEWHALL has given the name of *M. S. Scott* to his new vessel, building at Cleveland, and now about ready for launching. She is a fine schooner, carrying about 16,000 bushels of wheat, and is already chartered for the four first trips of the coming season, at 8 cts. for wheat to Buffalo. The schooner is the namesake of the worthy and popular Cashier of the State Bank.

REV. E. H. CHAPIN.—Everybody will be glad to learn—see notice in another column—that after three year's trying we are to have Mr. CHAPIN in Milwaukee at last.

He lectures at Young's Hall on *Friday evening.*

REAL ESTATE SALES.—We hear of the sale yesterday of lot 9, block 80, First Ward, on Jackson street, between Mason and Oneida, for $6,000; and 50 feet in block 19, Third Ward, on Main street, South of Wisconsin, for $7,000.

STEALING FROM A TILL.—A boy named Henry Rhode was arrested by Policeman Gallick for stealing $5 from Hibbard's Boot and Shoe store, on West Water street. The money was taken from the till.

EDITH, THE QUAKER'S DAUGHTER.—We are indebted to J. A. HALL & Co., for a copy of this "tale of Puritan times," published in very neat style, by Mason Brothers, New York. The Story is a simple one, well told, and conveying a sound moral.

VESSEL SALE.—The schooner *Robert B. Campbell*, 180 tons burthen, two years old, and lying in our river, has been sold by C. H. REID to J. D. GOODWIN, for $6,700.

GREAT FIRE!

TOLEDO, Ohio, February 12th, 1856.

THE DORIUS & FORSYTH MANUFACTURING COMPANY:

Gentlemen:—On the morning of the 20th ult., a fire broke out in our block, composed of nine buildings, of which ours is the centre. Our Safe was one of Bailey & Forsyth's manufacture, Rochester, N. Y., stood about the middle of our store, and was exposed to the most severe fire we have ever witnessed, from 1 until 9½ o'clock in the morning. So intense was the heat that the iron stove, which was a large and heavy one, and which stood within about four feet of the Safe, was almost entirely melted down. When we had seen that, we came to the conclusion that the contents of the Safe were not preserved, but on opening it we were very agreeably surprised to find them all in a perfect state of preservation.

Respectfully yours,

SANDS & CUMMINGS'

NEW & IMPROVED PATENT BRICK MACHINE

FOR TEMPERING THE CLAY, MOULDING AND PRESSING

Six Bricks in five Seconds

Completed at a Single Operation,

BY STEAM, HORSE, OR WATER POWER.

IN presenting this wonderful machine to the public, the patentees and proprietors wish to make no vain boast of its abilities, or assert in its behalf a single word which cannot be substantially and satisfactorily maintained and they appeal to the practical brick makers of our country with confidence, when they add, that such a machine is in positive and absolute demand. The business of brick-making is now engrossing great attention, and the rapid growth of our land seems to show that our present facilities will hardly meet a fraction of the demand for the useful articles which it is proposed to furnish by this new means of manufacture. In New England and the Great West, the supply has not been adequate these last ten years and the consequence has been the prices of bricks have been exorbitant, and that most especially during the very last year it has been almost an extortion.

SANDS & CUMMINGS' Brick Machine is built mostly of iron is about four feet square, and five feet high in the rear. When it is worked by horse-power, with four or five hands employed, (no more being required,) it turns out from four-teen to eighteen thousand bricks per day of ten hours. It is successfully operated by any ordinary laborer, who by it, become fully competent to the most intelligent and experienced brick-makers.

CERTIFICATES.

WASHINGTON, December, 27, 1855.

DEAR SIR—I have examined with much care and interest your Brick Moulder and Tempcrer, on Capitol Hill, in this city, and cheerfully bear testimony to its excellence. I consider its simplicity of construction, its rapidity of execution, and its durability, to be apparent to every observer, and I can say that the experience of twenty-five years in the manufacture of bricks, has given me good opportunities of judging closely in this matter. FIRE INSURANCE COMPANY.

OFFICE IN MARTIN'S BLOCK, MILWAUKEE, WIS.

Capital over $165,000, in Cash & Premium Notes.

THIS COMPANY offers unrivalled facilities for the insurance of Buildings and Personal Property against fire. The advantages offered are scarcely beyond the reach of circumstances, as the real estate insured is by law bound for the assessment made to cover losses beyond the power of evasion. Every person insured is a member of the Company, and entitled to one vote. The cost of insurance does not exceed one-third as much as in Stock Companies, having nothing of the hazard, security and the incompatible ease with which losses are settled. During the last five years, this Company have issued 2600 Policies, and made but three assessments, at a cost to the property insured, not exceeding two mills on the dollar—its business is principally confined to this State.

TURTON & SERCOMBE,

IS STILL IN FULL BEAST, WORKING DAY AND night to supply the daily increasing wants of the Badger and Sucker States.

In order the better to do this, the proprietors have erected a large brick Foundry in addition to their former premises. They have added to their stock of Tools a large Planing or Shaping Machine, three Lathes, and a Machine for making bolts, and are now putting in a Steam Engine of ——— horse power to drive the Whole, thereby adding to the former facilities for the successful carrying on of the Foundry, Machine, Engine and Blacksmithing business. They never were in a better position for doing business, and

In regard to the character of the work got up by this

The Oldest Establishment in the State,

the Proprietors refer to that in successful operation through the country as their best recommendation, as it can speak for itself. All they can say is, that they are both Practical Mechanics, and know how work should be done as well as the next man.

They continue to manufacture FLOUR and SAW MILL GEARING, and STEAM ENGINES, on the most approved principle.

They have always on hand a large stock of BRASS WORKINGS, such as Globe and Cylinder Boxes, Hot Cork and Cocks, and Steam Whistles. Also TURTON'S FILES, which they will sell at the lowest cash price.

They are also Agents for HAYWARD'S PATENT STEAM GRATES, which are worth the attention of all those who use Steam Engines.

In conclusion, they invite a continued share of the patronage of their old friends, and solicit a call from all those in want of Saw or Flouring Mill Work, assuring them that no exertions will be spared to render the Old Eagle worthy of the reputation it has already gained.
